

Volunteer to join the Peer Support Plus CIO Board of Trustees

About us

Peer Support Plus CIO is a Charitable Incorporated Organisation that provides Peer facilitated Group Work for adults in the Leeds Metropolitan District who want to learn to better manage their mental health.

We believe that every adult living in the community is expert in their own mental health. Experience has taught us that adults, working together and applying the Peer Support Plus Group Work process, can take responsibility for their own behaviours and learn how to better manage their mental health and wellbeing.

By working together in a safe, kind and supportive environment, we promote recovery and wellbeing, making a positive difference to the mental health of everyone who engages with us.
